TWIMC:

I am writing this letter at the request of Colette Momsen, mother of Taylor Momsen.

I have been treating Miss Taylor Momsen for the last few days. She has been hospitalized for a severe, potentially life-threatening throat infection since Sunday. She has been an excellent patient, and after aggressive antibiotics and medications, she is expected to make a full recovery in the next three to five days.

Please feel free to contact me with any questions or follow-up.

Sincerely,

Shawn S. Nasser, MD, Inc
